Coders Club

This club runs on **Friday** and is available for **Year 2 – Year 6** students

Using an easy and incredibly fun integrated development environment, children are guided on a step-by-step programming journey on how to code from the ground up. After this they will have a firm understanding of the complex programming constructs, concepts and principles. a.k.a **HOUR OF CODE**

Coders Club teaches coding through the exciting creation of computer games, apps and programs which can be shared and accessed from home!
