

SHERINGDALE NEWS

September 2007

Welcome back to everyone as another school year swings in to action.

New Beginnings

We will be following themes throughout the year and we start the year with 'new beginnings'.

We are very pleased to welcome Bernadette Curry as our new year 3 teacher and Kit Somers as our new teaching assistant.

Changes

We have new doors out on to the playground and a disabled ramp to improve access to the school. We have increased the number of computers in the ICT suite and we have knocked the wall down between nursery and reception.

Holidays during term time

If you have to take your children out of school during term time there is now a form that you will need to fill in that is available from the office. There is a copy of this form available on the website too.

Calendar of Events

I hope that the calendar of events for the Autumn term on the back of this newsletter will help you plan ahead. We are also inviting you along to your child's work-share assembly each term and the dates for these will be included in the letter from the class teacher.

Finally, attached to this letter is an exciting opportunity to brush up your ICT skills - limited places available!
